

Dear RPHF Business:

Once again, the Ross, Pickaway, Highland, Fayette (RPHF) Solid Waste Management District invites you to participate in our annual recycling survey.

The purpose of this survey is to collect data on the amounts and types of materials commercial and industrial businesses recycled in Ohio in 2019. The RPHF Solid Waste Management District is required to document its recycling efforts in an annual report to Ohio EPA. The District uses the data it receives through surveys to complete that report. By submitting data, your business can help the district meet its reporting requirements. Your data will also help the District track its progress towards meeting local and state recycling goals. Please take a moment to complete and return your survey regardless of the amounts your business has recycled. Every pound helps!

### **Why is your business being surveyed?**

Your completed survey will help the RPHF Solid Waste Management District better understand recycling in the business community. Submitting a completed survey also allows your business to connect directly with the District which may be able to assist your company with its recycling needs.

### **How do I participate in the survey?**

New this year, we have created an [online version](#) for you to fill out. Or, as always you can print and fill out a hard copy or download a fillable form from the District's webpage – whichever is easier for you. When you are done, you can either mail or email the completed survey to the district. Instructions for completing and returning the survey are provided on the survey form.

### **What happens to my data?**

The RPHF Solid Waste Management District will combine your data with data it receives from other businesses and submit the combined data in its annual report to Ohio EPA. Ohio EPA will use the data to calculate recycling rates for the District. Ohio EPA will also combine the data reported by all solid waste management districts to calculate a recycling rate for the state of Ohio.

### **Who do I contact for more information?**

Please contact Erica Tucker at the RPHF Solid Waste Management District with any questions regarding the survey. She can be reached at (740) 420-5452 or [etucker@pickawaycountyohio.gov](mailto:etucker@pickawaycountyohio.gov)

Please complete and return the survey to the RPHF Solid Waste Management District by 4/24/2020.

-RPHF Solid Waste District, 110 Island Road, Suite E, Circleville, OH 43113

Thank you for your time and participation.

Sincerely,

The RPHF Solid Waste Management District
